

Overview

QUALITY INSPECTION

DESCRIPTION

Apex International, the world's largest Anilox manufacturer, currently has an open position of Quality Inspection within its production facility in Donora, PA. At Apex, we pride ourselves on delivering high-quality products to our customers every single time. This position is one of the most critical parts of the production process as this is where we confirm that we had produced our product with the highest standard of quality.

TYPE: FULL TIME

LOCATION: DONORA

SCHEDULE: MONDAY-FRIDAY

SHIFT: DAYLIGHT

ESSENTIAL FUNCTIONS/RESPONSIBILITIES:

- Incoming inspection of used products sent to us by our customers for reconditioning, as well as new products that will be processed to fill customer orders.
- Final Inspection reviews all outgoing rolls before being shipped to the customer. Here we check if the processes, which are described by the incoming inspection, were performed correctly so that it meets the required Apex quality standards and the customer's expectations.
- Communicate with order support on eventual repairs and/or other comments and operations which need to be carried out on the product.
- Move products through the production facility/warehouse using overhead cranes and forklifts.
- Reading and understanding the drawings/blueprints of machine parts. You will receive training on how to accurately perform this task.
- Measure manufactured parts using various tools (tape measures, digital calipers, micrometer, bore gauge, etc.)

QUALITY INSPECTION
